LETTER TO THE MAYOR OF NEW ORLEANS

The Honorable Moon Landrieu
Mayor of New Orleans
New Orleans, Louisiana 70112

My Dear Mayor Landrieu

We are appalled to hear Representative Sutherland's remarks about requesting you to have the New Orleans Police Department to evict the Black Panthers from the apartment they are occupying in the Desire Housing Project, if HANO fails to evict them. Whereas Mr. Sutherland may feel that he represents a "silent majority" of the people in our area, we feel that as the spokesman for a not so silent minority, any attempt by the police to evict the Panthers from the apartment they are occupying will cause more unnecessary mass murders in our area. Therefore, we ask that if anything is to be done about the Panther situation, perhaps food and money should be allocated for their use in the Free Breakfast Program that they are interested in starting in the Desire Housing Project area.

Perhaps if the "law and order" ad-

vocates of this city and of this state would spend more time affecting changes in the system that require NO use of violent (police) tactics to put down nonviolent, Free Breakfast Programs, such as the one the Panthers have in mind, we could all sleep better at night, knowing that the police will not have reason to fire upon a Panther "stronghold" to use this as an excuse to call in reinforcements to have another bloody gun fight! We further suggest that because the Panthers meet the requirement of financial need, which determines who will ultimately get an apartment in the slums (e.g., the Desire Housing Project) of this city, we feel that they should be allowed the same rent free status that is given to other organizations that use these apartments for their "poverty programs" and training center activities. We particularly sight as an example the use of the apartment above the one now being used by the Panthers by an organization of the Tulane University School of Social Work. If this predominantly White organization can use the facilities of the Desire Housing

Project without paying rent, then we suggest that as Mayor of a city that is almost 30% Black, you take whatever steps that are necessary to help the Black Panthers to feed the poor, hungry, Black children of the Desire Housing Project area, while at the same time taking whatever actions that are necessary to prevent more unnecessary Police-Panther encounters.

As we see it, the Panthers are asking no more of HANO, or of the world for all that matters, than are the Whites who are working in our area--other than an equal opportunity to serve those in need. Continued use of a double standard of treatment for Blacks and Whites by city agencies can only lead to more bloody confrontations. You are in a position to solve part of the existing problem. All we ask is that you do something--NOW.

What's wrong with Blacks (or Black Panthers) wanting to help other Blacks, anyway?

SLUMLORD MOONY SAYS 'NO HEAT OR HOT WATER' FOR THE BLACK RESIDENTS OF CORONA-ELMHURST

Of all the lovely, beautiful forms of man that walk the face of this so-called world, the most standard is pretty well beneath the street and slime in the garbage pit; of human filthiness. To directly and purposely, without a gleam of public feelings, deny any people the right to decent housing is beyond human endurance and forgiveness. To blatantly deny any family the bare and basic necessary provisions in order to live; shelter from the elements of the weather, heat to guard against the cold winds of winter and hot water for cleanliness, to deny anyone family these basic necessities is a crime against humanity.

The Welfare Mothers Rights Organization of Corona and Elmhurst took action to stop the railroading of oppressed families to the black community by avaricious (greedy) slumlord Moony. It is a known fact that Moony infested Moony is railroading rent money from families in the Corona-East Elmhurst area that pay \$125.00 per month yet go without heat and hot water, in some cases for four or five years! Not to mention the fact that these apartments owned by Moony are on the most part, extremely decrepit, filthy and rot and the majority of them have not been painted for at least five years. Kitchen ceilings are scorched and yellowing with age, flames are falling from the walls and ceilings, bathroom toilets and sinks are non-functional and the floors are badly in need of repair. The electricity is down and doorbells and answering machines do not work. Moony has even gotten away with a scam something like that for a time, but now the people would rather let them refuse to rent the apartments. The fourth point of the Welfare Program and Platform Action is, "demands decent housing for the welfare of the people." And we further -- to say that if a slumlord refuses to comply, we are thousands we are just the way in setting up our own investment committee and taking over the rent money to a trusted group of individuals suffering under the same conditions

as ourselves and using that money for the purpose of bettering our own living conditions.

We know that Moony and other slumlords like him would refuse to allow their families to live under such deplorable conditions. Filthy people are saying that we love our babies, we love ourselves and husbands, we love our families and our community, we love our freedom for 100 much to allow this arrangement to go on any longer. The B.P.R. will stand and fight side by side with the Welfare Mothers of Corona-East Elmhurst in their just struggle for decent housing. We will fight until we've exhausted all legal means and then we will turn our backs on the laws which serve those who oppress us! and we will take the destiny of our community into our own hands.

The desperate need for a B.P.C.C. is extremely clear when this government allows the atrocious nature of such beasts like slumlord Moony and his crime partners to exploit the people of the black community. At the B.P.C.C. on Nov. 27th. in Washington D.C. we, the oppressed people of racist America, will make a last attempt to exhaust all legal means of gaining our freedom by drawing up a constitution that will be functional for oppressed people of color in this country. We demand a new Constitution that will include Decent Housing for the shelter of Negro, Brown, a right that should be guaranteed to all people.

To slumlord Moony, his crime partners Moony, Kohn, Gold and the police of the Justice system who B.P.R. are not prepared for the police and with all the millions of Black people in this country, we would suggest, also come, from the Dept. of Real Estate and find yourself a far away from that and requires as possible. It is almost impossible for you to understand.

PIGS ATTACK CHILD CARE CENTER

5 Year old Sonja Hewitt was at the Center

care center to check on the slumlord and the children who were there.

Soon afterwards, one of the slumlord's, Shirley (Moony), with her 15 year old baby, Jona Tonne, was going through the door of the day care center, when pigs approached and roughly pushed her and the baby back inside. With no type of introduction or explanation the pigs entered the house. Even though it was obvious, that the house was nothing more than a day care center--the house was full of children ranging in age from 6, who, to 1 1/2 yrs.--the pigs brutalized the slumlord, Shirley and Cheryl, also, they viciously beat and arrested brother Siriba.

In a grace taking attempt to justify women and babies being surrounded on the level of gunpoint and a brother being beaten and arrested, the pigs told the community that they were watching that they had received a disturbing the peace call from the landlord of the house, Eddie Farmer (Dress out door) another bootlicking capitalist slumlord in the Black community, says that he called the pigs because he didn't want the children in the house. The rent was paid and the record contract clearly states that there would be children in the house. Without any warning or notice, bigger pig agent Farmer called the pigs and placed a disturbing the peace complaint against the slumlord at the day care center. He called the pigs to arrest the slumlord and remove the babies from the house. Later agent Farmer said that all he really wanted was for the Party to vacate the house by the time the next rent payment was due, so to enhance and speed up the eviction, Farmer decided to call the pigs to attack babies.

The pigs in keeping with their low nature, were all too happy to comply with the capitalist dog slumlord. They were even more happy to attack anything that re-

lated to the Black Panther Party--even our babies.

This attack on little babies, the children of Black Panther Party members, is irrefutable evidence of the genocidal plot that the pigs are executing at the highest level against the Black Panther Party and all Black people. In Viet Nam, thousands of children babies, are being bombed, napalmed, tortured and murdered in mass by Nixon's regime. The Vietnamese people are engaged in a courageous struggle for the liberation and salvation of their people. The masses of Black people throughout Babylon must take up arms in the struggle for liberation of poor and oppressed people with their three names comrades, Black people must deal a death blow to the pigs before they escalate and complete their war of genocide against us.

ALL POWER TO THE PEOPLE

There are no depths too low for the pigs in their effort to crush the struggle of the people's revolutionary struggle in Babylon. The Black Panther Party whose members are servants of the people, dedicated to the liberation of all poor and oppressed people, is too often the victim of the pig's low lived tactics.

To facilitate the daily work of the Party members in Low Five goals, the Panthers started a day care center where all of the Panther children could be taken care of during the day. Early in the afternoon of Wednesday, November 6th, 14 the area of the day care center (2122 E. Broadway, Comstock) the Community Center that houses the B.P.C. Chapter central headquarters which is a block away, the slumlord's apartment pigs started pouring the very heavily. The owners from the community center immediately began to check on the neighborhood to see if any dangerous activity was happening, also one of the neighbors, Siriba, went to the day

SHASTA COUNTY, CAL.

THE BATTLE OF FOUR CORNERS

Shasta County, Calif. The three faced arena of American fascism racism domestic imperialism has reared its ugly head in this province. Northern California area, where the Pit River Indians are attempting to assert their human rights.

On Tuesday, October 27th, the guardians of American fascism racism domestic imperialism, in the form of U.S. Marshalls, Shasta County Sheriff's deputies and National Forest Service rangers mounted pig repressive brutality against a small band of Indians including women, children and old folks much like in the old Hollywood "B" movies which would have seemed unbelievable to anyone of California.

Armed with nightsticks, chemical Mace and automatic rifles, the guardians of fascism attacked the Indians who bravely defended themselves with tree limbs and two by fours before they were battered down in a 15 minute fight that has become known in some parts as the "Battle of Four Corners." (Four Corners is the local name given to the junction of state highways 299 and 99, where the incident occurred.) The attack was carried out under the watchful eyes of the county sheriff, John Galtus; dis-

able to get out, while a white reporter who was arrested while covering the incident for the Redding Kopeed Searchlight newspaper was freed without bail. The reporter, John Huras, had been covering the Pit River Indian movement since it was launched several months ago and had written countless articles showing the racism and discrimination the Indians

face and the forest service. Pit River Indians take a socialist view of land, believing that no one can own land, since it belongs to everyone, and is to be shared and protected not destroyed or polluted.

Last week a group of Indians and their supporters occupied a small section of rippled off land designated as property of the National Forest Service. They set up a Quonset hut on the site and began to cut trees to build a long house to connect a store to sell goods to cash. The forest service objected and the Indians made it known that they would submit to mass arrest on trespassing charges, but that they would fight to defend the Quonset hut, which housed many awaiting or attending trial, and said they wouldn't permit the arrests of individual leaders or members.

When the pigs and other functionaries arrived to destroy the hut and make individual arrests, the Indians backed up their vow, and resisted boldly. Men and women fought toe to toe with pigs who advanced on the hut, swinging rifle butts, night sticks and spraying chemical mace.

Women, children and older Indians took refuge in the hut and sought to defend it from invasion, while younger men and some middle-aged men fought back. And were beaten down by the onrush of some 100 police functionaries. Inside the hut the women and other defenders fought a slow valiant step-by-step retreat as pigs moved in viciously. The first pig through the door was clubbed by a two-by-four swung by a young Indian woman.

When the bloody battle was over, forest service underlings moved in and destroyed the hut as Indians were carried off to jail here, then sent to Sacramento to appear before a U.S. commissioner. Then some were moved to Shasta County Jail in Redding to face state charges and some other to Sacramento court. Among those taken to Sacramento were Tribal Chairman Mickey Gimmell, who has led his people in a bold fight against the government and IGLE, and the armed Indians who control this vast timber country.

PORTSMOUTH, VA.

SIXTEEN YEAR OLD YOUTH MURDERED BY PIGS

John Bellamy, a sixteen-year-old black youth, was shot to death by a city policeman here on Sept. 19, during an incident in which eight other people were wounded by police gunfire. The shooting occurred following a football game between two predominantly black high schools. According to the Portsmouth police department, the killing occurred as a result of police officers being fired upon by a group of black youths including Bellamy. The police say that Bellamy and the others were shot when police returned their fire.

However, the Concerned Clergy-men of the Black Community have obtained 501 eyewitnesses whose stories point to a very different picture of events. According to their witnesses, at least 30 of whom have signed sworn affidavits, the police gunfire was unprovoked. Their version of the incident is this:

As a large crowd was leaving the football game, two young blacks began sparring for fun on the sidewalk. A group of spectators quickly gathered. The festive mood was abruptly ended when Portsmouth policeman Jerry Ellis got out of his car, approached the scene, and without warning began firing his gun into the air. The crowd broke and ran. Another group of cops came out of the football stadium and opened fire on the unarmed, fleeing crowd. The police also turned dogs loose on the people. Police gunfire was unprovoked and indiscriminate, aimed primarily at spectators leaving the football game who had no idea what was going on.

Nine people were hit by the police gunfire; all were wounded in the back. John Bellamy, one of the wounded, was hit in the back and fell to the ground. As he tried to get up again, he was hit twice more by Ellis at pointblank range and killed. Ellis then reloaded his gun and began to fire into the crowd.

Another youth who was wounded testified that he had been standing outside the stadium when he saw the police charge and heard gunfire. He began to run, then heard more shots. He was hit in the back of his head, in the back, and in his left arm. He fell to the ground, turned around, and saw a detective shooting directly at him. He cried for help and heard a voice telling him to lie still. Nearby, he could see Bellamy lying on the ground. He heard a cop standing over Bellamy say, "We don't have to worry about this one. He's dead. Let's move about the others now."

One of Bellamy's friends witnessed the shooting from across the street. When he ran over to try to help Bellamy, the police held a pistol to his head and said they would shoot if he tried to help his friend. He then began helping an 18-year-old boy who had been shot; when the police saw this they seized him and threw him into a police car.

The same youth testified that the afternoon before the shooting he had overheard several policemen saying that "someone would be waiting to get Bellamy" after the game. Bellamy's friends say that the police had been harassing him constantly before the shooting.

Over 50 policemen were involved outside the football stadium as the game ended. Eight and four other policemen involved in the shooting were out of uniform and were reportedly carrying earpieces they had obtained privately from a supermarket owner.

Portsmouth police and politicians have been attempting to whitewash the killing. Police Chief Warren conducted a six-hour investigation, then appeared on television calling the shooting "justified. Community Attorney Vernon L. Smith said

there was no need for further investigation.

The police claim that they were fired upon first, yet they have found no weapons, not even on the body of Bellamy, who they claim was shooting at them. The only witnesses supporting the police version of the incident are white policemen.

Normally, when a city policeman kills someone "in the line of duty" he is automatically suspended pending an investigation. Jerry Ellis has not been suspended. Black Portsmouth residents say that Ellis has a reputation for being trigger-happy. In fact, on Feb. 26, 1970, he shot and killed a black man. The police refuse to investigate this incident as well.

Tension has been high in Portsmouth since the killing. On Monday, Sept. 21, black citizens marched on the city courthouse to protest the murder. They were met by police with teargas and dogs.

A protest march by 300 blacks from low-income housing projects to downtown civic building was dispersed when police loaded tear gas into the march with clubs.

Meetings of black citizens called in order to plan a response to the killing have been terrorized by being surrounded by large groups of armed policemen, posing a constant threat of an invasion.

There are continual incidents of police harassment of black youths. One was arrested for disorderly conduct while walking down the street. He was taken to the police station, beaten, and charged with resisting arrest. Two other youths were arrested for disorderly conduct in their own back yard. When their mother came out of the house, the police held a gun to one brother's head and warned her not to cause any trouble or they would kill him.

On September 19, a group of black citizens went to a meeting of the Portsmouth City Council to demand that Ellis be suspended and that an investigation by an impartial board be conducted. The Rev. Robert W. Perry, of the Concerned Black Clergy of Tidewater, demanded the removal of armed guards from the City Council chamber and demanded that Commonwealth's Attorney Tinsell disqualify himself from the investigation.

City Council condemned the police department for its handling of the shooting and postponed approval of a resolution commending Ellis until after the results of an FBI investigation are made public. Establishment media reports mentioned that whites had gathered 800-1000 signatures in support of Ellis and that guns and bullets had been sent to the FBI for analysis. These establishment press did not mention, however, that black citizens had prepared much longer petitions calling for Ellis' suspension, and that guns and bullets sent to the FBI were those used by the police during the incident.

Local citizens with the American Civil Liberties Union and representatives of the Southern Christian Leadership Conference, the NAACP, and Concerned Black Clergy have reportedly filed sharp verbal protests. The NAACP said it is conducting a lawsuit against Ellis and is demanding that murder charges be brought against him.

—ACLU will demand an investigation.

San Francisco lawyer Aubrey Goodman, who is defending some of the Indians in trespass cases here, was present to see his client's rights violated, but was unable to do anything except look on in horror.

Twenty-four Indians and their supporters were arrested on state and Federal charges of "interfering with an officer in the performance of his duty," "assault with a deadly weapon," "assault and battery," and two on charges of "ceding timber on Federal land." They were taken to jail in Susanville, then some were transported to Sacramento to face Federal charges.

One middle-aged Indian was hospitalized, but also charged. Most bail is set at \$1,000 on Federal charges, while some state petty harassment charges have bails of \$155.00 and \$165.00. Only a few Indians with petty bails were

were being subjected to while protesting the Federal Government and domestic imperialism Pacific Gas & Electric Co.

During the aftermath of a mass trespass trial in which a group of Indians were convicted here by a racist jury last month on capitalistic charges of trespassing on PG&E lands, three quaked a member of the jury that convicted them as saying the decision was racist and that jurors made racist statements while reaching their verdict. The juror said an Indian can't get a fair trial here because of the hate for Indians felt by Whites in this area. There are two more such trials coming up.

The pit river Indian movement began several months ago in an effort to reclaim 3.5 million acres of ancestral lands stolen by the fascist U.S. Government, and some of which was put into the hands of robber baron PG&E. During the early days of the struggle mass arrests were made as Indians fought to liberate and return to their people and the public domain lands being monopolized by

PG&E and the forest service. Pit River Indians take a socialist view of land, believing that no one can own land, since it belongs to everyone, and is to be shared and protected not destroyed or polluted.

Last week a group of Indians and their supporters occupied a small section of rippled off land designated as property of the National forest service. ELIAS SALVADORE WAS KIDNAPPED AND BRUTALIZED BY RICHMOND'S RACIST PIGS IN BROAD DAYLIGHT

Children's Clothing Thrown Wildly Over the Floor

The racist pigs of Richmond, Calif. again showed the people of N. Richmond that black people have no rights that racist pigs are bound to respect. This time like most of the times when the cops rapist in N. Richmond, they broke into a house and kidnapped a woman.

On Nov. 30, 1970 at approximately 10:00 A.M. a Richmond pig kicked in the front door of Peggy Salvador's house, at 557 Truman St. After crashing into the house the pigs, armed with 7 shotguns and 1 pistol, began looking for Peggy's son, Elias. After realizing that Elias was in their grasp, the reporters rushed into the bathroom door. The pigs then grabbed a pig and shoved his head into the toilet. When they pulled his head out of the toilet, another pig shoved a shotgun into his face. Finally, the pigs dragged the body out of the bathroom, threw him on the couch, and 1 of the racist dogs began to beat him.

Racist Carter, Elias's girlfriend and helplessly watching these acts of terror when she found herself being thrown on top of Elias and handcuffed, but not before one of the racist dogs of Richmond had sucked on her foot. At about this time Elias's brother Harvey, who was approaching the house to see why the pigs were enter-

ing, as Harvey looked his car, a Mercedes pig pulled a shotgun and ordered him to open it again. Harvey refused to do so and instead poured the soup. Threatening him, the pig told Harvey that he could not go inside Harvey told the pig that the house belonged to his mother and then he went inside.

Shortly after entering the house, Harvey was arrested on a 4 year old warrant for which he had already served time, even though the pigs have found out that the warrant was doctored. Harvey refused to pay \$34,000 to get out of jail.

Elias, who was also kidnapped was originally charged with burglary (\$5000 ransom) but was subsequently charged with possession of narcotics and held with no bail. The supposed narcotics was marijuana seeds "found" in the toilet that Elias's head had been forced into. When they came behind Elias, the pigs were supposedly looking for a camping stove, and air, and a propane gas tank. However when they left the pigs made "other things" 1 TV, 2 cameras and personal clothing of the Salvador family. The racist dogs were tried to use deplorable baby bottles, claiming they could be used to inject narcotics.

It should be very clear to the brothers and sisters in N. Rich-

Living Room Destroyed by Pigs

mond that the local fascists will never treat us as humans. This racist country are moving to exterminate black people in any way they can and the only way for us to survive is to kill the pigs before they kill us. We must make it clear to the pigs that when they come into the black community, harassing and brutalizing our people that we will meet them with a most effective form of resistance. Deadly conflict.

DEATH TO THE RACIST PIGS

Black Panther Party Richmond Branch

PIGS ATTEMPT TO RUN THE DEFENSE COMMITTEE OUT OF CAMBRIDGE

In the face of a national call of solidarity, revolutionary forces will unite and fight the attack of the racist pigs against the Black Panther Party. The pigs are determined to prevent the Black Panther Party from being able to see that they are losing their control over 1 people and destroy them.

That's the situation in this country today. The white power structure were black and other poor and oppressed people growing stronger in their resolve to be free from oppression and they are threatened by their own miserable dogs. Therefore, in a last desperate attempt to reverse the course of history, the racist and the fascists are striking out in all sorts of irrational ways. The pigs in the community especially feel threatened by the Black Panther Party and the determination of the people to defend themselves is clearer every day as their harassment of the people increases.

Just one more example of the cowardice of which the pigs are capable was demonstrated at the Committee to Defend the Panthers in Cambridge on Thursday, Oct. 25, 1970. At 10:30 a.m. six pigs were fired on the office from a passing car. Four entered the office doing damage to the door and windows. A window was hit. The shooting said the shots were fired by a single individual who was shooting while driving the car. No one was in the office and no one was hurt.

The reason why they would engage in such reprehensible activity as firing on an empty office became clear the next morning when the pigs came to investigate their

cowardice. Domestic fascists, who include both the FBI Division of the Cambridge City Department, came with two children, two young boys, and another pig, to look over the scene. When no evidence was found, the pigs tried to see all the effort by climbing in and sticking their ugly snouts through the window over the door.

Meanwhile the pigs were attempting to sabotage the concern the Committee had planned for that night to raise money for the Black Panther Party. People's Constitutional Committee by intimidating MIT and refusing to let the use of the auditorium, and they successfully intimidated the landlord into demanding that we vacate the office within five days because we are a "threat to his property."

It seems now that all these cowardly acts—the shooting, the supposed "investigation"—the edition and the attempt to stop the concert—were all part of a systematic plan to put a stop to the work of the Defense Committee by running us out of Cambridge and making it impossible for us to function. But the pigs will not achieve the goals of their cowardly maneuvers because as long as the need exists in the Black Panther Party there will be a Committee to Defend the Panthers, and as long as there are black people there will be a Black Panther Party.

All Power to the People

THE SPIRIT OF THE PEOPLE OF NEW ORLEANS LIVES ON

After the vicious attempt to murder the people's servants in their attack on the N.O.C.P. Headquarters in the Black colony called "Dante", the New Orleans pig department has failed to break the people's spirit. The pigs, under the misguided and malicious leadership of the bourgeois nigger's Mayor, Mayor Moon Landrieu, have been kidnapping brothers daily on trumped up charges in a futile and furious effort to show who is "tough". But, what they fail to realize is that black people don't believe in that kind of courage anymore. In fact black people never did. The pigs are only making fools of themselves and they are using the revolutionary cause as a weapon to expose the community for what they really are, gutter pigs. Their cowardly assaults on the National Committee to Combat Racism are only serves to put the cover off the racism the many black people who campaigned and voted for pig Landrieu can see now that once again they've been fooled by still another lying, clown politician. This time actually believes that by kicking off the young revolutionary workers to ease the people's struggle but will demonstrate such a vivid proof to find that he can frighten freedom loving people from submitting to continued oppression. Such actions only intensify our will to fight. The people will emerge victorious. Moon Landrieu does not have the power to kick up or kill a revolution. Neither does any other political criminal who might refer to themselves as President, Governor, Senator, Mayor or just plain undecorated pig.

The people must not be fooled by the pigs propaganda about "human relations" or "Police community relations." How can they

pretend about human relations and at the same time help us to our humanity? How can they still about a "Good community"? A child can see through their game. The people know what they are and what they experience everyday. They know that pigs are enemy occupiers of their communities. They know that the y must rid the oppressed territories of the oppression in order

to survive. The people know that the members of the N.O.C.P., now incarcerated by the political system of this city are not guilty of attempted murder or criminal activity as charged. The people want the finger of justice in the direction of every ball the finger is pointed at. Moon Moon Landrieu and the people are going to be searching for it. The N.O.C.P., the people's servants, are carrying the banner of justice in the direction of every ball the finger is pointed at. Moon Moon Landrieu and the people are going to be searching for it. The N.O.C.P., the people's servants, are carrying the banner of justice in the direction of every ball the finger is pointed at. Moon Moon Landrieu and the people are going to be searching for it.

PIG LANDLORD HARASSES MOTHER OF LEAD POISONED CHILD

Jessie Ladane and family of 4 are now residing at almshouse, 1240 Westchester Avenue, under shackled Helmer. This story was first asked by Helmer to pay \$105.00 a month rent, which she paid until her 1 year old son was lead poisoning which consequently damaged his brain. When she found out how bad her son Gregory had lead poisoning, she immediately stopped paying rent, she informed Helmer that as soon as he fixed the walls where her son was lead poisoning, she would resume paying rent. Helmer being a "pig landlord," and in the face claiming "pretentious money," blew his cool and accused her four children, he told Jessie, using a pigs degrading word, "I can't fix those walls. It will cost too much money either pay rent or split up I can move, someone else moved in and pay rent. Jessie told this to Helmer. I'm not going to pay to have my kids killed. Helmer then proceeded to "prove" to her that she'd pay him to kill her kids, or move out and let someone else pay him to be killed. Especially since the law were made by him for him and enforced by pigs like him.

Helmer told Jessie to collect a number of times. Jessie unaware of how little the judge costs every year kept going back and begging to get the judge to understand that Helmer was a criminal. That she shouldn't be there for anything, she went, now he should be arrested for attempted murder. She

couldn't understand how the judge could keep asking for "payments, pay rent." He knew Gregory had brain damage, because of this man's building. She kept asking herself was this man as crazy as Helmer, did he really expect her to pay someone to kill her child. When she finally dug what it was, it blew her mind that they were more interested in seeing to it that Helmer got money, than her child's life! The realization was like a kick in the behind. The nightmare she's been living since she realized her son had been poisoned by the police on the wall. First it was the doctors at Massachusetts Hospital who told her "Your poor son has lead poisoning, and he has to live."

Are you on Welfare? When she answered yes, she was told to come back in 3 weeks and go to the clinic. She went back and forth to the clinic for the month and a half with no doctors looking at her son. For one month and a half she filled out forms to make sure the hospital would get paid if they ever got around to looking at their son. Jessie was almost hysterical with the knowledge that the landlord, the doctors and now the judges were all in on the plot to kill her son and make her pay for it. She died of a broken heart was an everyday thing with all the inhumanity being hand in hand to see that it happens. This is when she came to the Black Panther Party. The first thing we did was take her

son to see some doctors who work for the New York City Health Clinic in Brooklyn.

Then we told her about the people's housing coalition who are ready to help organize resistance to obtain better living conditions. The people in the coalition immediately knew the courts wouldn't deal with Helmer like he was a pig, they knew the only way to hurt a pig was in his pocket, so they organized the tenants around a rent strike to hurt the pig landlord. The people's housing coalition will not be satisfied until Helmer and all pigs like him are dead. Until housing, all people's housing is fit for shelter of human beings.

BRUCE RICHARDS CONVICTED ON TRUMPED UP CHARGES

Leftist power structure and its lackeys are continuing their efforts to silence the Black Panther Party, the people's newspaper, through the courts. Its first conviction was a mere technicality when dealing with the defendant who sought to destroy this despotic society. The Black Panther Party, in particular, has been the main target of these plots. From J. Edgar Hoover to the local police.

A convicted felon (1969) who under the name of law is now serving a life term in state prison for his attempt to change the people's struggle. A prime example is the case of Bruce Richards, a member of the San Francisco chapter of the Black Panther Party, who was recently convicted on trumped-up charges, "conspiracy with intent to commit murder, armed with a deadly weapon," the police say. The district attorney's office says.

Richards' much told story of participating in two cases. The first case, David N. Tate, the same judge who just recently dismissed charges on the four-page article in L.A. who killed two children in a domestic dispute.

Bruce Richards

Richards was charged with a plot to kill Tate, and in his testimony, he stated that this was a more overt. It was obvious that he was working for the state with the local police to ensure that Tate would be imprisoned for the rest of his life. The majority of the charges for conspiracy with Tate, who in one way or another were involved in the armed case, plus the fact that he was in a police car, were part of the case. Richards was charged with the same plot on October 18, 1969. The case was successful.

Richards' "plot" was, for other leaders involved in the alleged crime, and some were attempts to kill for a failed plot was shot four times. They killed him with the outlandish charge of "conspiracy with intent to commit murder of Tate."

He was charged with conspiracy a year before he was finally convicted. The plot claimed that they were a stakeout on a Jack-in-the-box, supposedly looking for someone who had been and found himself up behind them as they sat in a parked car, and at close range, both Tate and Richards opened fire on the plot. Richards, neither got any weapons wounded and after looking at this picture, they claimed that Tate and seriously injured him. This left leaving several questions unanswered such as if the plot were looking for robbery suspects, why didn't they see Tate and Richards as they were fleeing, as in the car. Also, how could Tate and Richards, who were supposedly armed with a shotgun, a rifle, a close range, but to at least, unavailably avoid one of the plot's best and up-pointed shot?

It was obvious the plot didn't have a clue against Tate. For

example, only one would identify Tate as the "victim" and the other had a false statement. The police didn't display the weapons used in the plot with his hair braided on that particular night. The prosecution would claim that these were allegedly fired at the plot, but did not admit that the fingerprints found on the weapons were not theirs. They claim that Tate only got shot once but when Tate, Richards' lawyer asked to see the clothes which were taken from Tate when he was in the hospital, they were unwilling to be found. In addition, the same who was in charge of Tate, supposedly had to go to a month's hospital and couldn't testify. Of course the judge refused to subpoena the hospital records.

At the onset of the trial, Tate, the defense attorney, made several motions challenging the jury system because it was racist and excluded poor people. But all of them were denied. He also prepared several questions to ask the jury, which dealt with the racism inherent in each of them. The judge told him that he was not allowed to ask those particular questions. When the prosecution

lawyer presented evidence on a plot, all he could say was that although there wasn't any direct evidence against Tate, he was still guilty because he talked and killed Tate. Also he mentioned the fact that Tate had a prior conviction as a juvenile.

Richards' trial was another example of the contradictions which exist in this fascist society. The jury only deliberated three hours and returned with a verdict of guilty. Richards' sentencing is scheduled for November 16, 1970. At that time the judge will be making a decision for a new trial.

The plot claim that by convicting Richards they will bring the revolutionary spirit they think that they have silenced another safeguard soldier. However, the spirit of the people will always be greater than the state's repression and racism, being the beautiful revolution, be it, will always "change the struggle and have to win."

STATEMENT BY 'BIG MAN,' DEPUTY MINISTER OF INFORMATION, B.P.P.

"We charge the United States Senate, watchdogs of the American Empire with conspiracy to commit murder. At this time we must expose and lay bare the U.S. Senate machinery and the criminal agents and watchdogs infested in it, who are guiding and planning the complete denial of any and all of our remaining human and constitutional rights. We find incontrovertible evidence that murder minded, corrupt Senate officials are conspiring to produce laws that in effect are designed to not only leave members of the Black Panther Party at the total mercy of the racist police-state machine and the reactionary court system, but all Black and oppressed people who have been supporting the Black Panther Party as well. Senator Thomas Dodd, a bigoted republican here in New Haven, Connecticut, is spearheading what he calls the Urban Terrorism Prevention Act. The nature and consequence of which guarantees the escalated attack and repression against the Black Panther Party and all progressive and revolutionary people. Using weapons that police stole from raided Panther offices, technical equipment captured from the Weathermen plus additional police and F.B.I. weapons that was secured to heighten the alarm of the masses, Senator Dodd, Senator Eastland, Senator Fulbright stood before the news

Big Man

media and lied to the world about the acts of terrorism, urban terrorism, snipers, bombers and kidnappers that have supposedly been endorsed by several organizations and supported by various people. Senator Dodd, Senator Eastland, Senator Fulbright and the United States Senate and the Justice Department have conspired behind closed doors to use the alleged acts of terrorists and their sympathizers as an excuse to prosecute any or murder anyone who is unweaving the disguise or justice and law and order and who comes forth to denounce the manner in which the constitutional rights of

Black people and the American people have been denied. We are well aware of the fact that the U.S. Senate, including Senator Dodd, and Senator Fulbright, are directly responsible for providing laws that keep Blacks locked away in jails and prisons that are tantamount to concentration camps. We have seen that the profit lust of Senator Fulbright has kept many millions of Black people and other dispossessed and oppressed people living in hunger and disease, without full employment and a means to change the dungeons, the dungeon-like condition of indecent housing. Now that the inhuman nature of the American society has been recognized and the strong-arm police who protect and maintain the indecent housing, the robbery of our communities, the denial of adequate medical care and the outdated court system and the judges, are being attacked by freedom loving people everywhere, the U.S. Senate has seen fit to unleash the laws that will bring about the wholesale intimidation and murder of the revolutionary forces and their supporters."

CONTINUE THE REVOLUTION, ADVANCE FROM VICTORY TO VICTORY

In celebration of the 21st anniversary of the founding of the People's Republic of China

Editorial by "Kwame Ninsin," "Mongkur" and "Hefengjun Fan"

Our great socialist motherland has advanced victoriously along the course charted by the great leader Chairman Mao Zedong. Filled with revolutionary fervor, the people of all nationalities in China today jubilantly celebrate the first National Day in the 1970s with Chairman Mao, the founder of the People's Republic of China, a long, long life!

The past year has witnessed the continued deepening of the Great Proletarian Cultural Revolution and continuous new victories in our socialist revolution and socialist construction. Since the Ninth National Congress of the Party, in response to Chairman Mao's great call "Unite to win still greater victories," the whole Party, the whole army and the people of the whole country have rallied more closely round the Party Central Committee with Chairman Mao as its leader and Vice-Chairman Lin as its deputy leader. The mass movement for the living study and application of Mao Tse-tung Thought has continued to develop in depth. Firmly grasping revolutionary mass criticism, the revolutionary people in their hundreds of millions have used invincible Mao Tse-tung Thought to fiercely sweep away the rampant pernicious ideology, influence of the rampant bourgeois traitor and scab, Lin Biao's counter-revolutionary revisionist line and drive launched on a wide scale the movement to strike at the counter-revolutionaries and to oppose corruption and their, oppose speculation and oppose extravagance and waste. The tasks of struggle - criticism - transformation in the Great Proletarian Cultural Revolution are being carried out step by step and mainly in all factories, mines, communes, schools, offices and other organizations and undertakings, and revolutionary new things keep emerging. The working class, the poor and lower-middle peasants and other sections of the people have greatly raised their consciousness of class struggle and the struggle between the two lines, thus promoting the rapid development of industrial and agricultural production, capitalist construction and science and technology. The National Economic Plan for 1970 is being successfully completed and so is the Third Five-Year Plan beginning 1969. The masses of revolutionary cadres and revolutionary intellectuals are tempering themselves and growing in maturity through cooperation with the workers, peasants and soldiers. The great Chinese People's Liberation Army, the vast contingents of militia and the people of the whole country have further enhanced their preparedness against war, ideologically, materially and organizationally. The dictatorship of the proletariat in our country is more consolidated than ever. A new high tide is rising in the socialist revolution and socialist construction.

VICE-CHAIRMAN LIN BIAO

oblation and socialist construction and our socialist motherland is more vigorous than ever.

Under the guidance of Chairman Mao's solemn statement of May 23, 1970, "People of the World, Unite and Defeat the U.S. Aggressors and All Their Running Dogs!" the Chinese people who are faithful to their proletarian internationalist duties have further strengthened their militant unity with the people of Albania, the other countries of Indo-China, Korea and Japan, the Palestinian and other Arab people and the revolutionary people in other parts of the world, united in the fight against their common enemies, the people of the three countries of the U.S., Japan, and South Africa. The struggle of the people of Korea, Japan, the Southeast Asian countries and other countries is also against U.S. imperialism and against the revival of Japanese militarism by the U.S. and Japanese reactionaries. The struggle against U.S. imperialism and against the revival of Japanese militarism by the U.S. and Japanese reactionaries is being waged continuously. With the support of the people of various Arab countries and all progressive forces of the world, the heroic Palestinian guerrillas are putting up a valiant fight with much bloodshed against the reactionary Jordanian military dictatorship controlled by U.S. imperialism, and are recovering in armed struggle against the U.S. imperialist and Israeli aggressors from Asia, Africa, Latin America to North America, Europe and Oceania. The revolutionary struggles of the people of various countries, including the American people, are developing to ever greater extent and depth, and are striking the whole of the old world. The people have continuously raised their political consciousness through the storm of struggles. The genuine Marxist-Leninist Parties and organizations throughout the world are steadily growing in strength. U.S. imperialism and imperialist capitalism, the two superpowers, are continuing to decline and at the same time contending with each other in

a vain attempt to divide the world. Their ugly features in doing so have been increasingly exposed and they have become more and more isolated in the world. The development of the international situation has resulted in Chairman Mao's scientific thesis: "The danger of a new world war still exists, and the people of all countries must get prepared. But revolution is the main trend in the world today."

In this excellent situation at home and abroad, the Second Plenary Session of the Party's Ninth Central Committee, which was presided over by Chairman Mao himself, summed up the achievements since the Ninth Party Congress, analyzed the current situation, set forth the tasks for continuing the revolution under the dictatorship of the proletariat and proposed the convening of the Fourth National People's Congress. The whole Party, the whole army and the people throughout the country warmly support the communiqué of the session and its decisions, which are becoming a tremendous material force. Determined to respond by deeds to the call issued by the Second Plenary Session of the Party's Ninth Central Committee, they are holding high the great red banner of Mao Tse-tung Thought, resolutely carrying out Chairman Mao's proletarian-revolutionary line and policies and contributing to fulfill the various fighting tasks set forth by the Ninth Party Congress.

Party organizations and revolutionary committees at all levels have a check-up and the things to do, but they must give first place to the living study and application of Mao Tse-tung Thought and put Mao Tse-tung Thought in command of everything. It is the most valuable achievement of the Great Proletarian Cultural Revolution that Mao Tse-tung Thought has spread so widely in a country with a population of 700 million. We should continue to deepen the mass movement for the living study and application of Mao Tse-tung Thought by continuously study and

apply Mao Tse-tung Thought in close connection with practice in the three great revolutionary movements of class struggle, the struggle for production and scientific experiment, do a better job in carrying out every instruction of Chairman Mao's and run Mao Tse-tung Thought study classes of various types well. We must conscientiously study and apply Chairman Mao's philosophic writings in a living way. We must uphold dialectical materialism and historical materialism, oppose idealism and metaphysics (abstract philosophy) and heighten our consciousness in carrying out Chairman Mao's revolutionary line and principles and policies.

Leading cadres at all levels, senior cadres in particular, are charged with arduous tasks of leadership in the socialist revolution and construction, first of all the task of leading the broad masses in studying Mao Tse-tung Thought. Therefore, it is all the more necessary for them to study Marxism-Leninism-Mao Tse-tung Thought conscientiously and ardently (industrious) and remodel their world outlook consciously. As early as at the Ninth Plenary Session of the Ninth Central Committee of the Party, Chairman Mao pointed out: "Generally speaking, all Communist Party members who can do so should study the theory of Marx, Engels, Lenin and Stalin, study our national history and study current movements and trends; moreover, they should help educate members with less education." The cadres in particular should study these things carefully, while members of the Central Committee and senior cadres should give them even more attention." This important instruction of Chairman Mao's is still of profound practical significance today. A vigorous and lively study movement is now going on among Communist Party members and the masses of workers, peasants and soldiers. Leading cadres at all levels must make still greater efforts in their work, and lead the masses forward in turning our

great country into a great school of Mao Tse-tung Thought, so that more and more comrades will be able to do still better in knowing and changing the world according to the proletarian world outlook, be good at living investigation and study and summing up experience, be able to analyze and resolve contradictions correctly, strengthen their unity on the basis of the principles of Mao Tse-tung Thought and do their work well.

We must continue to "carry out the tasks of struggle-transformation-construction conscientiously." We must fully recognize the protracted, complicated and tortuous nature of class struggle. We must realize that there exists the question of carrying the socialist revolution through to the end on the political and ideological front, the cultural and educational front, the economic front, and in all spheres of the superstructure. The leadership at all levels must look at revolutionary mass problems from the high plane of consolidating and strengthening the dictatorship of the proletariat and carry it out in a sustained, deepening way. We should apply Mao Tse-tung Thought to summing up the numerous good experiences gained by the masses in struggle - criticism-transformation, bringing it to a higher level and deriving from it laws of universal significance. We should pay special attention to studying questions of policy, grasp typical examples well and use the experience gained at a selected point to guide the work in a whole area. We must firmly grasp the movement for striking at the counter-revolutionaries and opposing corruption and theft, opposing speculation and opposing extravagance and waste, and continue to deal powerful blows at the handful of counter-revolutionaries who sabotage the socialist revolution and construction and vainly attempt to restore capitalism.

We must continue to carry out in an all-round way the principle of "gripping revolution, promoting production and other work and preparedness against war." It is essential to bring into full play the revolutionary initiative and creativeness of the masses of the working people, taking the struggle between the two classes, the two roads and the two lines as the key. We must further implement Chairman Mao's proletarian principles and policies concerning socialist construction, give prominence to proletarian politics, review viewpoints on imperialism and agricultural production and strive to fulfill or overfulfill the National Economic Plan for the Third Five-Year Plan. It is a imperative to bring into full play the vigilance, consciousness and strength of the proletarian masses and the people's militia and to strengthen the dictatorship of the proletariat. We are determined to liberate Taiwan.

We must conscientiously fulfill

We found we as citizens of this country were being kept duped by the government and kept misinformed by the mass media.

October 1966

Black Panther Party
Platform and ProgramWhat We Want
What We BelieveHuey P. Newton, Minister of Defense
Black Panther Party

1. We want freedom. We want power to determine the destiny of our Black Community.

We believe that black people will not be free until we are able to determine our destiny.

2. We want full employment for our people.

We believe that the federal government is responsible and obligated to give every man employment or a guaranteed income. We believe that if the white American businessman will not give full employment, then the means of production should be taken from the businessmen and placed in the community so that the people of the community can organize and employ all of its people and give a high standard of living.

3. We want an end to the robbery by the CAPITALIST of our Black Community.

We believe that this racist government has robbed us and now we are demanding the overdue debt of forty acres and two mules. Forty acres and two mules was promised 100 years ago as restitution for slave labor and mass murder of black people. We will accept the payment in currency which will be distributed to our many communities. The Germans are now paying the Jews in Israel for the genocide of the Jewish people. The Germans murdered six million Jews. The American racist has taken part in the slaughter of over fifty million black people; therefore, we feel that this is a modest demand that we make.

4. We want decent housing, fit for shelter of human beings.

We believe that if the white landlords will not give decent housing to our black community, then the housing and the land should be made into cooperatives so that our community, with government aid, can build and make decent housing for its people.

5. We want education for our people that exposes the true nature of this decadent American society. We want education that teaches us our true history and our role in the present day society.

We believe in an educational system that will give to our people a knowledge of self. If a man does not have knowledge of himself and his position in society and the world, then he has little chance to relate to anything else.

6. We want all black men to be exempt from military service.

We believe that black people should not be forced to fight in the military service to defend a racist government that does not protect us. We will not fight and kill other people of color in the world who, like black people, are being oppressed by the white racist government of America. We will protect ourselves from the force and violence of the racist police and the racist military, by whatever means necessary.

7. We want an immediate end to POLICE BRUTALITY and MURDER of black people.

We believe we can end police brutality in our black community by organizing black self-defense groups that are dedicated to defending our black community from racist police oppression and brutality. The Second Amendment to the Constitution of the United States gives a right to bear arms. We therefore believe that all black people should arm themselves for self defense.

8. We want freedom for all black men held in federal, state, county and city prisons and jails.

We believe that all black people should be released from the many jails and prisons because they have not received a fair and impartial trial.

9. We want all black people when brought to trial to be tried in court by a jury of their peer group or people from their black communities, as defined by the Constitution of the United States.

We believe that the courts should follow the United States Constitution so that black people will receive fair trials. The 14th Amendment of the U.S. Constitution gives a man a right to be tried by his peer group. A peer is a person from a similar economic, social, religious, geographical, environmental, historical and racial background. To do this the court will be forced to select a jury from the black community from which the black defendant came. We have been, and are being tried by all-white juries that have no understanding of the "average reasoning man" of the black community.

10. We want land, bread, housing, education, clothing, justice and peace. And as our major political objective, a United Nations supervised plebiscite to be held throughout the black colony in which only black colonial subjects will be allowed to participate, for the purpose of determining the will of black people as to their national destiny.

When, in the course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume, among the powers of the earth, the separate and equal station to which the laws of nature and nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable rights, that among these are life, liberty, and the pursuit of happiness. That, to secure these rights, governments are instituted among men, deriving their just powers from the consent of the governed, that, whenever any form of government becomes destructive of these ends, it is the right of the people to alter or to abolish it, and to institute a new government, laying its foundation on such principles, and organizing its powers in such form, as to them shall seem most likely to effect their safety and happiness. Prudence, indeed, will dictate that governments long established should not be changed for light and transient causes; and accordingly all experience hath shown, that mankind are more disposed to suffer while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But, when a long train of abuses and usurpations, pursuing invariably the same object, evinces a design to reduce them under absolute despotism, it is their right, it is their duty, to throw off such government, and to provide new guards for their future security.
